

**Application Form For Mining Lease(Form-1)**

Received at.....(place)on.....(Date) Initial of Receiving Officer	
GOVERNMENT OF MADHYA PRADESH (Application for mining lease) [see rule 22(1) of the mineral concession rules, 1960] Dated.....day of.....20	
To: <b>Secretary, Mineral Resource Department, Mantralay, vallabh Bhawan, Bhopal</b> Through: Collector, District..... Madhya Pradesh, India Sir, I/We request that the reconnaissance permit under the mineral concession Rules, 1960 be Granted to me/us.	
2. A sum of Rs.500/- and Rs.1,000/- being the fees in respect of this application and preliminary expenses respectively payable under sub-rule(3) of rule 22 of the said rule have been deposited (vide receipt Challan No.....dated..... of the State Bank of India/Treasury.....)	
3. The required particulars are given below: (i) name of the applicant with complete address. Status of the applicant (ii) if the applicant a private individual/co-operative/firm/association/private company/public company/public sector undertaking/joint sector undertaking or any other. (III) In case of the applicant is- (a) an individual. His nationality, qualifications and experience relating to mining. (b) a company, an attested copy of the certificate of the registration of the company shall be enclosed. ©omitted (d) Firm or association, the nationality of all partners of the firm or members of the association, and (d) a co-operative the nationality of non Indian	

members, if any along with place of registration and the copy of the certificate of the registration	
(IV) Profession or nature of the business of applicant.	
(V)Particulars of documents appended: Document Reference (a) Mining dues clearance certificate OR (b) Affidavit in lieu of mining dues Clearance certificate; subject to production of mining lease dues, clearance certificate within the periods of ninety days of making application. OR (c)Affidavit when not holding any mining lease. (d)Affidavit that up-to-date income tax returns as prescribed under the income Tax Act.1961 and that the tax due including the tax on account of self assessment has been paid.	
(VI)Mineral or minerals which the applicant intends to mine	
(VII)period for which mining lease is required.	
(VIII)Extent of the area for which mining lease is required	
(XI)Details of the area in respect of which mining lease is required District Taluqa Village Khasra no. Plot no. Area Ownership-Occupancy	
(X) Brief description of the area with particular reference to the following: (a)Does the applicant have surface rights over the area for which he is making an application for grant of the mining lease (b)If not,has obtained the consent of the owner, and the occupier of the land for the undertaking mining operation.If so,the consent of the owner and occupier of the land be obtained in writing and be filled.	
(XI) (a)The situation of the area in respect of natural	

<p>features such As stream or lakes.</p> <p>(b)In case of the village areas, the name of the village, the khasra no. the area IN ECTARE OF EACH Field or part thereof applied for.</p> <p>(c)In case the area applied for is under forest then the following is to be given:</p> <ol style="list-style-type: none"> <li>1.Forest division, Block and Range.</li> <li>2.Legal status of forest(namely reserved,protected,unclassified etc)</li> <li>3.Weather it forms part of a national park or Wild life century.</li> <li>4.Type and extent of vegetation in the area.</li> <li>5.For area where no forest maps or no cadastral maps are available. a sketch plan should be submitted on scale showing the area applied for together with the boundary ,if any ,of any other existing mining lease or prospecting license area,if the area applied for has many common point or line with the boundaries of existing prospecting license or mining lease areas.</li> </ol>	
<p>(XII)The area applied for should be marked on plan as detailed below:</p> <p>(a)In case a cadastral map* of the area is available, the area on this should be marked showing the name of the village ,khasra no. ,and area in hectare of each field and part thereof.</p> <p>(b)in the case of forest map the area should be marked on the map showing the range and the felling series.</p> <p>(c)Inc case neither cadastral map nor forest map are available, the area should be marked on the sketch plan drawn t scales showing on this plan all important surfaces and natural features, the dimension of the lines forming the boundary of the area and the bearing and distance af all corner points from any important, prominent and fixed point or points.</p>	
<p>(No.1(3)/68-MII Dt. 30.3.68)</p> <p>(XIII)</p> <p>particulars of the areas mineral-wise in each state duly supported by an affidavit for which the applicant or any person joint in interest with him:</p> <ol style="list-style-type: none"> <li>(a)already holds under prospecting licence</li> <li>(b)has already applied for but not granted;</li> <li>(c)being applied for simultaneously.</li> </ol>	
<p>(XIV)nature of join in interest, if any</p>	
<p>(XV)Does the applicant hold a prospecting licence over the area mentioned ar(XI)above?</p>	

<p>If so,give its no. and date of grant and the date when it is due to expire.</p> <p>(b)has the applicant carried out the prospecting operations over the area held under prospecting licence and sent his report to the state Govt.,as required by rule 16of the mineral concession Rules,1960?If not, state reason for not doing so.</p>	
<p>(XVI)Broad parameters of the mineral/ore body/bodies.</p> <p>(a)Strike length, average width and dip.</p> <p>(b)Weather area is considerably disturbed geologically or is comparatively free of geological disturbance?(copy of geological map of the area is to be attached.)</p> <p>(d)Reserves assessed with their grade(s) (chemical analysis reports of representative sample are to be attached).</p> <p>(e)Weather the area is virgin? If not ,the extent to which it has already been worked. In case there are old workings ,there locations are to be shown on the geological map of the area.</p>	
<p>(XVII)Broad parameters of the mine</p> <p>(a)proposed date of commencement of the mining operations.</p> <p>(b)proposed rate of mineral production during the first 5 years(year wise).</p> <p>(c)Proposed rate of production when mining is fully developed.</p> <p>(d)Anticipated life of mine.</p> <p>(e)Proposed method of mining (Underground or opencast)</p> <p>(I)If underground the method of approach to the deposited mineral/ore weather through inclines or shafts.</p> <p>(II)If opencast, the over-burden to one ratio and overall pit stope.</p> <p>(f)Nature of the land chosen for dumping over burden/waste and tailings(that is type of land weather agricultural,grazing,barren,saline land etc) And weather proposed site has been shown on the mine working plan. Give also the extent of area in hectares set apart for dumping of waste and trailing.</p>	
<p>(XVIII) A report giving the details of prospecting carried out in the area together with assessment of the ore analysis of the representative samples, and boreholes and logs.</p>	

<p>(XIX)manner in which the mineral raised to be utilized.</p> <p>(a)(I)if for captive use ,the location of plant and industry.</p> <p>(II)For sale for indigenous consumption.</p> <p>(b)If for export to foreign countries indicate,</p> <p>(i)Name of the countries to which it is likely to be exported where the mine is being set up on 100%export oriented or tied-up basis.</p> <p>(ii)Whether mineral will be exported in raw form or after processing .also indicate the stage of processing ,whether intermediate stage or final stage of the end product.</p> <p>(C)If it is not to be used within the country. Indicate-</p> <p>(i)The industry/industries in which it would be used .</p> <p>(ii)whether it will be supplied in raw form or after processing (crushing/grinding/beneficiation/calcing).</p> <p>(iii)Whether it would need up gradation and if so, Whether it is proposed to set up beneficiation plant. Also indicate the capacity of such plant and the time by which it would be set up.</p> <p>(d)In case of coal, or other high high bulk minerals/ores details of existing railway transport facility available and additional transport facility, if any, required.</p>	
<p>(XX)Name, qualification and experience of the technical personnel available for supervising the mines.</p>	
<p>(XXI)(i)Financial resource of the applicant.</p> <p>(II)Anticipated yearly financial investment during the course of mine; construction and aggregate investment up to the stage of commencement of commercial production.</p>	
<p>(XXII)(a)nature of waste water(e.g. whether acidic) If so, expected pH value</p> <p>(b)The application form should be accompanied by the statement of the salient features of the scheme of the mining.</p> <p>This should be generally on the lines of the “project at a glance” given in a mining feasibility report including features relating to the protection of the environment</p>	

I/We do hereby declare that the particulars furnished above are correct and am/are ready to furnish any other details, including accurate plans and security deposit as may be required by you

place

You Faithfully,

Date

(Signature and designation of the  
applicant)

\*The topographical map of 1"=1 mile scale is obtainable from the office of the survey of India.  
Hathibarkha ,Dehradun

Detailed plan and topographical map are to be attached in triplicate with the original application in case mineral applied for is a scheduled mineral.

Note:

1 if the application is signed by the authorized agent of the applicant .power of attorney should be attached.

2.the application should relate to one compact area only except when the application for mining lease id for an area already held under prospecting license by the applicant.

3.Such large size map,as may be available,should be attached for proper demarcation of the areas,specially when the area applied for is 40 hectare or less.(No.MII-152(58)/61 dt/30.4.1963).
