

Programming/Practical Test will be conducted only if the applicant qualifies the online computerized test.

SAMPLE PAPER : Programming Test.

Time:90 Min

Category: System Analyst

ABC company records data relating to insurance agents and customers. Create a database and GUI to save data relating to the Agents and Customers. The complete details relating to the policies is to be captured like policy no., date, customer name, policy amount, commission earned by the Agent. The commission percentage for agent is fixed different type of schemes and to be calculated automatically, as per the Scheme selected by the Customer and the Policy amount.

Show reports regarding detail of Policies done by agents between two dates and detail of commission earned by agents.

SAMPLE PAPER : Programming Test.

Time:90 Min

Category: Programmer

ABC company records data relating to insurance agents and customers. Following are the type of schemes available and commission percentage, schemewise, for agent:

	Name of the Scheme	Commission to Agent
1.	A	2%
2.	B	2.7%
3.	C	3.3%

1. Create an application to save data relating to the agents and customers using the following database tables:-

a. Agent_Master

Field Name	DataType	Remarks
Agent_No	Integer	Primary Key (AutoNumber)
Agent_Name	Varchar	

b. Scheme_Master

Field Name	DataType	Remarks
Scheme_no.	Integer	Primary Key (AutoNumber)
Scheme_Name	Varchar	
Commission	Decimal	As per detail mentioned above

c. Policy_Details

Field Name	DataType	Remarks
Policy_No	Integer	Primary Key (AutoNumber)
Date1	Date	
Scheme_no.	Integer	Foreign Key
Agent_No	Integer	Foreign Key
CustomerName	Varchar	
Policy Amount	Integer	
Commission	Decimal	To be calculated automatically from Scheme Master

- Make at least 5 manual entries in master table Agent_Master and 3 entries in Scheme_Master.
- Create a GUI to save data in Policy_Details table as per the conditions mentioned above. Use dropdownlist to display Scheme and Agent.
- Reports:
 - The detail of Policies done by agents:

Agent	Scheme	No. of policies.

a. The detail of commission earned by agents:

Agent	Commission

Note: Incorporate proper Checks & Validations.

Category: Junior Programmer

1. Create an application to save data of the insurance agents and customers of ABC Company using the following database tables:-

2.

a. **Agent_Master**

Field Name	Data Type	Remarks
Agent_No	Integer	Primary Key (AutoNumber)
Agent_Name	Varchar	

d. **Policy_Details**

Field Name	Data Type	Remarks
Policy_No	Integer	Primary Key (AutoNumber)
Agent_No	Integer	Foreign Key
PolicyDate	Date	
CustomerName	Varchar	
PolicyAmount	Integer	
Commission	Decimal	To be calculated automatically

5. Make at least 5 manual entries in master table Agent_Master.

6. Create a GUI to save data in Policy_Details table as per the conditions mentioned below:-

Policy Amount	Commission to Agent
<10000	2%
>10000	2.5%

Use dropdownlist to display Agents.

7. Display Report as below:

Agent	Policy Date	Policy Amount	Commission

Note: Incorporate proper Checks & Validations.

Sample /Brief Note for Practical Paper of Networking Engineer

Practical Paper of Networking Engineer is meant to assess the capability of the candidates in terms of hands on knowledge on the following:-

- (i) Computers Hardware Structure
 - (ii) Networking Designing
 - (iii) Networking Components
 - (iv) Hardware (Computers, Printers, UPS, Servers, IT Products etc) maintenance
- (i) The candidate knowledge will be tested on structural aspects of Hardware.
- a) Functioning of various parts of computers
 - b) Assembling of Computers
 - c) Identification, Installation & Inspection of Hardware Components
- (ii) Networking Designing: - Designing of networks like LAN, WAN etc. both technological aspects and installation of networking components required for the network.
- (iii) The identification, installation, inspection and usage of various networking components like type of switches, routers, UTP/STP/fiber cable, patch panel.
- (iv) Hardware maintenance issues like MTBF, product life identification & rectification faults etc.

Sample /Brief Note for practical Paper of Networking Assistant

Practical Paper of Networking Assistant is meant to assess the capability of the candidates in terms of hands on knowledge on the following:-

- (i) Computers Hardware Structure
 - (ii) Networking Components
 - (iii) Hardware (Computers, Printers, UPS, Servers, IT Products etc maintenance)
- (i) The candidate knowledge will be tested on structural aspects of Hardware.
- a) Functioning of various parts of computers
 - b) Assembling of computers
 - c) Identification Installation & Inspection of hardware components
- (ii) The identification, installation, inspection and usage of various networking components like type of switches, routers, UTP/STP/fiber cable, patch panel.
- (iii) Hardware maintenance issues like identification & rectification faults for Computers, Printers, UPS systems etc.
